The SXT685 is our flagship X Series model and features large 3" (76.2mm) diameter rollers with a 22" (558.8mm) wide belt. This model utilises a non-folding frame design and waxed deck system which is designed for maximum durability to stand up to the rigors of frequent running. With a long list of premium features and weighing in at 269lbs (122kg), the SXT685 is comparable to treadmills at much higher price points.

SXT685 TREADMILL

- Oversized 9" (228.6mm) bright blue backlit LCD screen with separate Muscle Activation Profile and HR % Profile LED displays.
- Quick Speed and Incline keys to save time and make workouts more efficient.
- Remote Handlebar Toggles for both speed and incline allow for secure workout changes without taking your hands off the side handlebars.
- Contact and wireless heart rate monitoring options make your workouts more effective (chest strap transmitter included).
- Spacious 22" x 60" (558.8mm x 1524mm) workout area with powerful 4.0 HP motor and wax deck system.
- Adjustable cooling fan and dual speakers with audio jack for comfort and entertainment.
- Bluetooth compatible with SPIRIT FIT App to monitor and record your workout data.
- Zwift, an interactive racing and training app, and is now compatible with the SXT685. Setting up the connection is simple and intuitive. By integrating Zwift with the Spirit SXT685, users can experience the virtual world of Zwift, including a community that motivates you every minute, flexible training plans and intuitive coaching to make adjustments for days you miss or to align with your progress.

CONSOLE

As with any product, a major importance is the user interface. We focused on making everything easily accessible and comfortable: dual storage trays, handlebar mounted speed and incline toggles, ergonomically friendly pulse grips, adjustable cooling fan, and integrated speakers with audio jack to keep you encouraged to workout longer.

A quick press of a button and you are off on a walk, a run, or one of the many specialised workouts. Our large, easy-to-read console gives you constant feedback on all areas of your workout.
